## Coin Master Beginner Guide

One of the best things about Coin Master game is you need not to hurry for any task, all the guide provide in the game are smooth to follow, and even a seven-year-old kid can follow the game. There are many ways which you can employ to get on this game, some of them are as follows

1. Login daily

The best guide for Coin Master is to log in daily for bonus and free spin, do not skip any day, if you don't want to play on any day, just log into the game and do the free spin. It will give you huge rewards and you will progress high in the game.

Always login to check new happening or events which are going on, if you miss some days, then events might have taken place without your participation.

## 2. Connect your Account to Facebook Account

Now a day's social media is providing new value to all the games we are playing. You need to connect your Coin Master Game account to Facebook account and receive huge rewards. When you connect your account with Facebook, you are doing free promotion on behalf of Coin Master, which will attract your friend to play this game. There are many benefits when you connect your game account with a Facebook account, some of them are as follows

1. Get 50 Free Spin when you connect with Facebook
2. Get 100k Coins Bonus (one time) when you connect with Facebook
3. You can save your game progress when you connect with Facebook
4. You can invite your friends and share your progress with them
5. Chat and send gift Cards with all your friend online

## 3. Know your Items of Spin Wheels

You should know that you will receive three items and what these items are used for in the game.

1. **Hammer:** it is used to raid another player village and plunder its resource and get some coins which can be used to make your Village.
2. **Shields:** It is used to block blow of the hammer, it can be used only once, and after that, it will break and vanish.
3. **Pig Face:** this item is extremely hard to find and can be used to plunger Viking Master village. You will get a huge reward when you get Pigface as Viking Master Village is full of coins.

4. If you fail to get any items, then don't become sad, you will receive some coins as a consolation

4. Upgrade your Village First

Whenever you have some coins, do not keep them in your vault, start upgrading your village from the beginning. As you need to grab 20 Starts to move to the new village, so act smartly and start building your village by attacking and gathering resources.

5. Buy Shields for your Village

One of the best methods to safeguard your village resource is to purchase Shields. Shields are the best protection method against hammer and can block the hammer blow effectively. You should spend some coins buying Shields for your village.

6. Buy Game Cards

Game Cards are best to level up your village, and you can also share them across your Facebook or platform friends. You can also receive Game cards from another player online and level up your Village.
